More destinations coming soon.

STRINGENT SECURITY MEASURES

Our SAFE'AIR product is specially designed with top-notch security measures at every step of the handling process. They include:

Meticulous examination
to identify and assess potential risks.

IA unique serial number per container
for effective tracking and monitoring.

Individually numbered,
high-quality metal seals for containers, for extra security.

Trained Security agents
ensuring constant supervision and protection.

Separate Transportation
to and from the aircraft to minimize the risk
of tampering or unauthorized access.

SAFE'AIR
